OBSCURE GLASS

Obscure Glass™ describes a number of different products and processes which sole purpose is to create privacy, modesty, or aesthetic effect utilizing translucent glass. Opacity can be added to glass through sandblast etching, acid etching, paints, films, texture, or combinations of the above. Utilizing films, we are able to make laminated glass products with fairly precise opacity and color.

Obscure Glass

PRODUCT OPTIONS

Obscure 18™, Obscure 32™, Obscure 100™,
Ombre Etched™, Ombre Gradient™, Ombre Fade™

Custom opacity, etched, and acid etched glass products are available.

Ombre Gradient™	Laminated	7/16" and 9/16"	60" x 120"
Ombre Fade™	Laminated	7/16" and 9/16"	60" x 120"

* Jumbo laminated glass is available.

CLEANING INSTRUCTIONS

For our glass based products, we recommend using vinegar based cleaner with a lint free applicator. However, ammonia based cleaners can also be used with this product. Abrasive cleaners, strong ammonia or alkaline solutions should always be avoided unless glass based products are used.

INSTALLATION INSTRUCTIONS

Obscure Glass™ installation procedures are like any other glazing product. It is imperative that only silicone designed to be used with laminated glass be used.
